

# VEŽBE ZA RAZVOJ GRAFOMOTORIKE I VIZUELNE PERCEPCIJE

Spoji tačke po modelu sa slike

Two dot-marker activities for graphomotoric and visual perception development. Each activity consists of a model shape and a grid of dots for tracing.

**Activity 1:** A solid black diagonal line is shown on the left. To its right is a 3x5 grid of dots. A dashed horizontal line is positioned above the grid.

**Activity 2:** A solid black T-shaped figure is shown on the left. To its right is a 3x5 grid of dots. A dashed horizontal line is positioned above the grid, and another dashed horizontal line is positioned below the grid.
